### TRIPLE CREAM BRIE

*Sharp citric, yeasty flavours near the rind, that can become slightly musty as the cheese ripens. The chalky core develops into a rich buttery texture with a clean, yet intense creamy and earth flavour profile.*

### CHEDDAR

*This cheese has concentrated nutty texture and gentle honey sweet flavour.*

### GOATS / EWE / SHEEP

*Semi mature white mould goats milk cheese, robust and tangy flavours with luscious citric tones.*

### WASHED RIND

*Creamy consistency similar to a brie, but with subtle stronger aromas and components. This cheese has a more luscious texture than traditional like cheeses.*

### BLUE MOULD

*The texture of this cheese is smooth and creamy with a mellow flavour and no sharp acidic taste from the blue. Velvety soft, making it melt in the mouth. Normally aged for 12 weeks to develop its unique flavour.*
